THE SENIOR CLASS

BOONVILLE HIGH SCHOOL

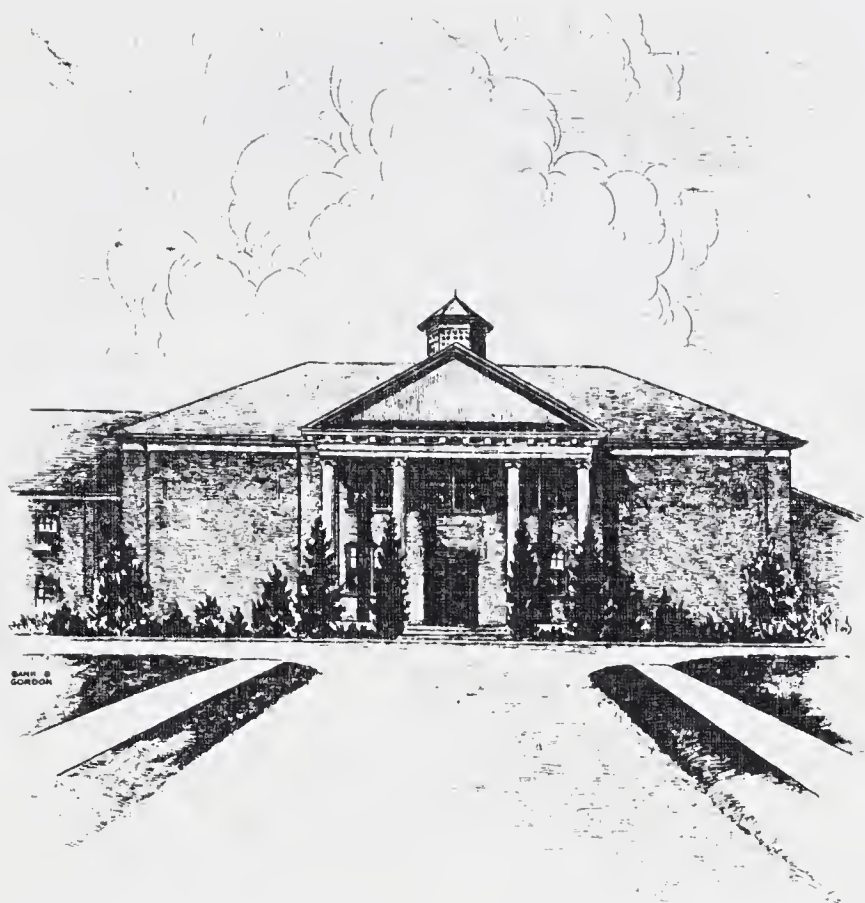

Boonville, N. C.

FOREWORD

In the publishing of the 1949 edition of the SPOTLIGHT we sincerely hope that it will be received by all in the name and spirit of good will and genuine understanding. We do not claim perfection for this edition.

Much time and thought has been spent in the preparation of this book. We consider it well worth while, if in the years to come it will enable one to recall to mind the many pleasant hours and days spent together with other schoolmates at Boonville High School.

To all those who helped make possible this publication—including pupils, teachers, advertisers and other well-wishers—we express our sincere thanks and most ardent appreciation.

Cheers for the Black and Gold
Waving forever,
Pride of old Boonville High
May she rule ever.
We sing a song for the flag that waves,
Cheers for the team that plays.
On to the goal we'll fight our way
For Boonville High.

DEDICATION

ALBERT MARTIN

A school is as great as its leaders and the standards they set for their students. No matter how far we look we could never find a man so interested in serving his school, understanding his students, and leading them to higher intellectual attainments.

To a man who is a leader, an authority, a scholar, and a gentleman; to a man of whom Boonville High School is proud; we dedicate this, our 1949 SPOTLIGHT.

CLASS PROPHECY

In 1955 we see Kent Brendle as a doctor in Boonville, don't get the wrong idea . . . it's a horse doctor.

In 1953 we see Lawrence Cartwright pitching baseball for the Boston Braves.

We see Roselyn Bryant using her basketball ability keeping house.

Ten years from now we see Jean Gray Stewart, Lucille Stanley, and Garnett Baker, still running around together—but lovable old maids.

In 1960 Allen Woodruff and John Shore are publishing a spelling book.

In the future we see Hayden Moxley assistant Chief of Police in Elkin.

A few years from now Laura Louise Hobson will still be typing but for *that* State College guy.

In ten years we see a new name on the mailbox at Klondike Farm, Walter Stinson just purchased it.

In the future we see Connie Holcomb still valuable, not to her class, but to the community of Union Grove.

After his graduation at State College, we see Bill Thore as a designer of Diesel Engines.

In 1950 Junior Collins is seen using the tools of a mechanic.

Several years from now we see Betty Lou Moxley and Marie Swaim sharing a home in Yadkinville.

In the future we see Lucille Casstevens as the Music Teacher at Boonville.

Ten years from now we see "Moppy" Taylor still studying physics.

Several years from now we see Bobby Stinson, old and grey, telling stories to his grandchildren.

In 1955 we see Johnnie Thore taking the place of Dagwood in the funny paper.

In the future we see Fairye Matthews Air Line Hostess on the route from Boonville to Nancy Reynolds.

In 1952 we see Ruby Prim happily married, living at Pilot Mountain.

Four years from now we see Jean Vestal and Farene Ray, seniors at High Point College.

In 1956 Faye Taylor is seen giving dancing lessons to only one pupil, Arleen Benton.

In the future you will see Grady Lakey married to a million dollars!

Soon Benny Webb will take the place of Johnny on the radio, calling "Phillip Morris".

Ten years from now Rose Anna Miller is seen the dramatics teacher at Fall Creek.

In 1953 Betty Lou Norman will become famous as the star basketball player for Chatham.

Perhaps Judy Hutchens will marry a big, clumsy, handsome man. We hope.

CLASS HISTORY

In 1945 we entered High School with 64 Freshmen. It was a happy year for all of us. We had 13 to join us from Fall Creek. Our class was divided into two groups. Mr. Brown was teacher of the girls and Mr. Walker was teacher of the boys. President was Gus Tomlin; Vice President, Virgil Swaim; Secretary, Farene Ray.

During our Sophomore year we were under the direction of Miss Day and Mr. Pardue. Nothing of importance happened this year except a few class parties.

We began our Junior year thinking of the two important events of the year. They were the Junior play, "Me and My Shadow", and the Junior-Senior Banquet which we finally decided to have in the "Y" at Elkin. We went to a movie after the banquet. At the end of the year we had our fingers measured and ordered our class rings. Mrs. Thad Reece was our leader.

In 1948 we were "dignified" Seniors with 36 members. Class officers were: President, Walter Stinson; Vice President, John Shore; Secretary, Farene Ray; and Reporter, Roselyn Bryant. Our girls' basketball team won the grade tournament in the ninth and tenth and then again in the twelfth. We elected our mascots, Phyllis Ann Woodruff and Gorrel Robert Stinson, 3rd. For our class colors we chose green and white and white roses for our flower. We selected "Keep On Keeping On" for our motto. We lost three of our class before the end of the year by matrimony and other things.

As we go we will compare ourselves to a rose bush. We have our bad points as the rose bush has its thorns. We also have our many more good qualities as the rose bush bears its blossom. As we leave our school we shall always try to keep ourselves blooming in the road of life.

While the class makes no claims of unusual greatness, we have played our part in the drama of B. H. S. We know you will miss us for a while until others take our place. But we shall never forget, for nothing can take the place of the four years of joy and sorrow, failure and success. As you read this record in the years to come, grant a small portion of your memories to the Class of '49.

FARENE RAY, *Historian*.

LAST WILL AND TESTAMENT

We, the class of 1949, of Boonville High School, in our individual and distinct parts, being about to leave this home where we have spent many happy and useful years under the direction of Mr. Albert Martin and his trained assistants, do make and publish this, our last will and testament, hereby revoking and making void all former wills any time heretofore made.

Connie Holcomb wills her height and weight to Mr. Myers so he will be as large as Miss Day.

Junior Collins leaves his flirty ways to Kenneth Gwyn.

Garnett Baker wills her ability to chew gum in Miss Day's class and get by with it to Vivian Prim, who is always getting caught.

John Shore leaves his ability to pass algebra to Jack Gentry.

Fairye Matthews wills her ability to get a man to Miss Day.

Hayden Moxley leaves to Jimmy Williams his ability to get home early on Sunday nights.

Lucille Casstevens wills her love for Mrs. Richardson and her ability to play a piano to Rachel Hudson.

Allen Woodruff leaves his ability to play basketball to James Sapp.

Judy Hutchens wills her sweet disposition to Joy Holcomb.

Bobby Stinson leaves to C. W. Hood his ability to come in late in economics.

Betty Lou Norman wills her love for the Seniors to Kenneth Campbell.

Lawrence Cartwright leaves his ability to pitch baseball to Thad Matthews.

Lucille Stanley wills her curly hair to Mary Sue Vestal.

Kent Brendle leaves his friendly ways to Richard Parker.

Jean Gray Stewart leaves to Fannie Lineberry her seat in study hall for three hours every morning.

Grady Lakey wills his baldness to Jimmy Stinson.

Martha Pearl Taylor wills her figure to Betty Baker.

Benny Webb leaves to Ina Sue Fleming his ability to sleep in Mrs. Coram's English class.

Marie Swaim wills her knowledge of how to deep a diamond to Mary Ann Holt.

Johnny Thore leaves to Iris Bell Brown his witty ways.

Farene Ray wills her love for mechanics to Anne Shore.

Walter Stinson's ability to make speeches goes to Otis Vanhoy.

Rose Anna Miller wills her favorite song "You Two Timed Me One Time Too Often" to Gay Hobson.

Bill Thore leaves to Henry Martin his ability to play baseball.

Laura Louise Hobson wills her ability to date redheaded boys to June Brown.

Arleen Benton leaves part of her appetite to Barbara Dobbins.

Faye Taylor leaves her ball suit to Nellie Sue Norman.

Roselyn B. Smith leaves to Elsie Mae Davis her job of selling tickets.

Betty Lou Moxley wills her beauty to Ruth Caudle.

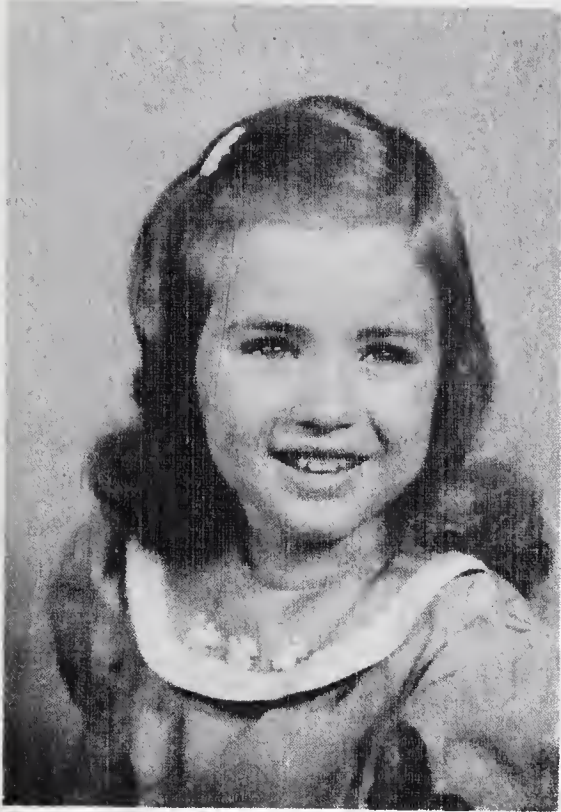

Jean Vestal wills her driving license to Rachel Stimpson.

Ruby Prim wills her glasses to Genevieve Davis, so she'll be able to see John Dee dating other girls.

We hereby constitute and appoint our Principal sole executor of this our last will and testament.

In witness whereof, we, the Senior Class of 1949, the testators, have set our last seal this twenty-eighth day of May, one thousand nine hundred and forty-nine.

JUNIOR JINGLES

Ann Shore has the ability to learn physics, so maybe she will be our new "Physics" teacher in the years to come.

The world-famous artist in 1955 is Iris Bell Brown.

The Junior Class of '49 sees Kay Frances Transou directing the Boonville High School Glee Club in 1960.

Elizabeth Miller is seen studying but not school books. She is now studying "How to Get a Man in 9 Easy Lessons".

Betty Hinshaw's ambition is to coach basketball at Boonville Hi in 1960.

Norma Rose Hayes, Fannie Lineberry and Vivian Prim's greatest ambition is to be housewives.

Joy Holcomb's ambition is to be a "Star Basketball Player" at Doodsville.

What happened to Mary Ann Holt's diamond? Did a certain boy come home??? (Which one?)

If anyone needs his "temperature" taken, call on Peggy Sparks. She'll be handy. (Won't you Peggy?)

Rachel Stimpson hopes to be in the future a "Miller", but not a "flour miller"

Jack Gentry is seen studying a map of China. Wonder if his ambition is to minister there?? (We wish you luck, Jack.)

Kenneth Campbell, C. W. Hood and Major Woodruff have the ability to be the "Star Basketball Players" for B. H. S. in 1950.

Frank Steelman, Jr., seems to like to stay over in the "Mitchell Chapel" section, maybe he is planning to put up another "Steelman" Garage there — "could be you know"!!!

As viewed by the Juniors, Martha Vestal is seen as a "Concert Pianist" in the near future.

Since Billie Sue Stewart is so much smaller than the other Juniors, maybe Nellie Sue Norman will lend her some of her height.

The Juniors were glad at the half to have Ruby Vestal join us again.

Gay Hobson is doing extra "good" on the basketball team. Keep the good work up, Gay, we're all behind you.

Arliss Nell Steelman's ambition is to ———, well she hasn't decided just what???

Genevieve Davis and Nell Pendry would make good "nurses" for the Yadkin County Hospital.

Last, but not least, we find Annie Philips, still studying French. Keep the good work up, Annie, maybe you will be the new French teacher in the years to come???

To all the Juniors whose names do not appear here, you are just as important as the rest, and you are not forgotten. So keep your good work up!!

FRESHMAN NITWITS

Wonder why Katie Leigh Vestal and Virginia Burton like Rose "Buds"?

Sherrill Bryant, we hear you are interested in the tenth grade "girls".

Why does Polly Prim like a Plymouth? Could it be the driver??

Wonder why Tommy Collins prefers "Frazier" cars??

Say, Elsie M. Davis, why are you so interested in Gayle Casstevens?
Could it be her brother??

Hi, Texas, we hear you like to ride in a certain Buick convertible. Don't they have Buicks out West??

Byron, I heard a certain girl say she liked "Campbell's" soup.

Peggy Williams likes East Bend cheerleaders. Could it be a certain boy?

Lately, Howard Vestal is visiting Jonesville. Oh! Howard, don't forsake Boonville.

Why does Pauline Vanhoy always wear a class ring? She says it's from South Carolina, but we don't think so.

Fred, why are you getting so thin? Are the girls keeping you on the run?

Martha Shore enjoyed the book "Seventeenth Summer". Hmm! One of the characters is named "Jack".

Joan Helton and Barbara Prim wish they could take Agriculture instead of Home Ec.

William Bray, we hear you don't care much about the girls, but we hope you'll change your mind.

Anne Hensley and Opal Spence seem to be interested in the Jimmies.

Gilbert Bolin, we hear that you can hardly wait to get your driving license.

Clara Belle sits on the back row at the show. Maybe that's as far as "he" can get on Saturday nights.

If you see any broken pieces lying around, it must be Gerald Casstevens' broken heart.

Gayle Casstevens, we hear that you and Nellie Snow would like to go to Yadkinville High School.

We hear that Patty R. Davis is itching to visit Mt. Park. Why??

Helen Frazier likes candy. It must be because a certain boy gives it to her.

Billy Parks, don't dye your hair. Some girls like red.

Peggy Stewart and Bertha Hodge seem to enjoy civics. Well! It might be a certain boy that sits near them.

Berlie, we hope you make a great baseball pitcher. We are sure you will.

Colleen, Patsy, and Annie Ruth seem to be interested in the things that happen upstairs. Why??

FOOTBALL

Football had a lean year at Boonville. When the class of 1948 finished, they took with them most of the first string football players. Coach Brown had to start from the bottom and build a team of boys who had not played before. There were only five boys that were regulars on the '48 team back. Before the season was over, Coach Brown had whipped up a fair team. The regular first string players were: Harold Lackey and Junior Wilkins, ends; John D. Davis and Berlie Simmons, tackles; Jack Gentry and C. W. Hood at the guard positions; the center slot was held down by Jimmy Sapp; the backs, Coy Brown and Johnny Shore, Ronald Johnson, and Grady Lakey.

BASKETBALL SUMMARY

Boonville girls' team this year was the best our school has produced since 1945—when they last won the County Championship. The team won the County Title this year.

Their record was 17 won and 7 lost. All games were won in the county except one.

Betty Lou Norman, Joy Holcomb, Betty Jean Hinshaw and Irene Barber composed the forwards who started most games, while Fairye Matthews, Gay Hobsom, Faye Taylor, and Roselyn Bryant Smith did most of the work at the guard positions. Others on the squad who saw service were Helen Frazier, Katie Vestal, "Lefty" Taylor, and Norma Rose Hayes, forwards; and Kate Matthews, Arliss Nell Steelman, Betty Adams, Opal Spence, Frances Jolly and Betty Baker, guards.
